

INVESTMENT

LISAID's investment management guide is not model on the basis of *one-size-fits-all*. LISAID looks at individual investor's interest and the prevailing economic situation in which a particular investment is targeted. This approach provides various pieces of empirical evidence and experiences from two (2) to five (5) years before drafting a model that suits a client. Each client is considered as a unique investor. Therefore, our investment specialists are trained to lead you from the very beginning to the end where you are comfortable enough to take initiatives.

LISAID's investment model has gained the much needed reputations over the years as a result of record level of sustainability and development in areas that LISAID leads its clients. LISAID's investment model is contemporary due to its flexibility and extensive research strength in all chosen business industries. LISAID utilizes the knowledge and experiences of successful professionals to train, mentor, educate and assist investors and clients who have expressed their desires to become a part of LISAID's Capacity Building Scheme (CBS).

LISAID also provides free information packages and monthly newsletters to its clients on current investment portfolios in order to keep clients informed of changing Global phenomena. At LISAID, minimum consultancy and investment portfolio management fees are charged in order to facilitate external consultation, facilitation, networking, meeting, corporate profile development, public relations, coordination, research materials, and reports.

These activities, programs and functions are undertaken by LISAID for and on behalf of investors and developers so that our clients can look after the most important aspect of your investment. With these arrangements put in place with previous clients, we have taken proud that LISAID has provided a perfect business solution in a real World.
